## FOOT BALL.

The W. A. C. team will practice every afternoon this week, at the Island ball park, beginning at 3 o'clock. Candidates are requested to be on hand, and the more the merrier. There is lots of football material in Wheeling if it could be turned loose. Any lover of the popular game is cordially invited to the ball park, and mix up with the boys. To-morrow afternoon it is hoped there will be enough on hand to form a scrub eleven.

## BOXING.

There is nothing to indicate that either the Ariel or Metropolitan clubs will postpone their boxing entertainments, both of which are scheduled for one week from this evening, and the outcome of it all bodes little good for the game in this city. It is evident to all interested that both contests can't be financial successes on the same evening, for Wheeling isn't a big enough town; consequently one of the clubs must suffer, probably both if the patronage is divided, while the boxers' shares won't be none too juicy. The patrons of boxing can only be losers in the sense that a possible muddle, growing out of the conflicting dates, may kill the goose that laid the golden egg, or in other words the main art as she is boxed around here.

## Prevent Pneumonia

Prevention is always better than cure, even when cure is possible. But so many times pneumonia is not cured that prevention becomes the natural act of that instinct of self-preservation which is "the first law of nature." Pneumonia can be prevented and is often cured by the use of Ayer's Cherry Pectoral.

"Some years ago I had a severe cold and was threatened with pneumonia. I could neither eat nor sleep, and was in a wretched condition. I procured a bottle of Ayer's Cherry Pectoral and took it according to the directions, and at the end of fifteen days as well and sound as before the attack. I have recommended it in many cases of pneumonia since, and have never known it to fail in effecting a cure."

JOHN HENRY, St. Joseph, La.

"I was attacked with a cold that settled on my lungs, and defied the skill of my physicians so that they considered me incurable. At last I began to use Ayer's Cherry Pectoral and was entirely cured after having taken two bottles."

FRANCISCO A. SEVERIANO, Taunton, Mass.

PETER MAHER TO FIGHT "KID" MCCOY.

Peter Maher and "Kid" McCoy have signed articles for a fight, and the two boxers will be matched at Coney Island on Dec. 5, under the auspices of the Greater New York Athletic Club. This fight is regarded as the most important one that could take place, since the match with McCoy and Corbett has been declared off, as Maher is the acknowledged stop between McCoy and the Champion Robert Fitzsimmons. If McCoy whips Maher he will immediately send a challenge to Fitzsimmons for the world's championship.

his battle with "Buck" Stelzer, at the Metropolitan. "Buck" is working in Bellaire. A stubborn battle is looked for.

## "COFFEE COOLER" WON.

LONDON, Oct. 17.—A contest arranged for twenty rounds, between Frank Craig, the Harlem "Coffee Cooler," of New York, and Billy Edwards, of Australia, took place to-night at the National Sporting Club, beginning the club's season. Craig knocked out Edwards in the twelfth round.

## BOWLING.

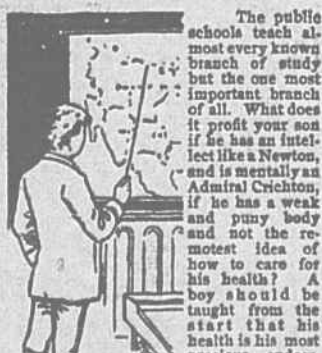

Last night the winter tournament of the Musee Bowling League opened with three games between the North End team and The Bowlers. The lads from the upper part of the city surprised the cracks by winning one of the contests, the second. The game ended a tie at the conclusion of the tenth frame, and in the extra frame the North Enders made 107 while the best The Bowlers had in the shop was 22. The games were witnessed by a crowd that thronged the alley side, and this would indicate that the game is to have a genuine revival up town. The score:

ment. Without health, all the talent, all the genius, and all the ambition in the world are worthless. A boy should be taught that success in any walk of life, that happiness, and life itself, are dependent upon his care of his health.

When a man feels that he is losing his health and vigor, when his cheeks no longer glow, his step is no longer elastic and the sparkle of health is no longer in his eyes, he should work less, rest more and resort to the right remedy to restore his bodily vigor. Dr. Pierce's Golden Medical Discovery is a natural medicine—scientific medicine. It does not violate nature. It works with and not against nature. It promotes the natural processes of secretion and excretion. It imparts vitality and power to the whole system. It gives plumpness and color to the cheeks, sparkle to the eyes, steadiness to the nerves, strength to the muscles and the animation of health to the whole body. It makes the appetite keen and hearty. It is the great blood-maker, flesh-builder and nerve-tonic and restorative. Medicine dealers sell it and have absolutely nothing else "just as good."

"I was afflicted with pimples and boils, and running sores on face and neck," writes Robert S. Wert, Esq., of No. 45 Galloway Ave., Columbus, Ohio. "I took Dr. Pierce's Golden Medical Discovery and Pleasant Pellets," and was cured."

Constitution is the commonest beginning and first cause of many serious diseases and it should always be treated with Dr. Pierce's Pleasant Pellets used in connection with the "Discovery." These are the most perfect natural laxatives and permanent cure.
